

We control the climate.

Control cabinet heaters and control cabinet cooling unit for the perfect protection.

▶ **SHORT OVERVIEW**

Air conditioning solutions for control cabinets and technical systems!

HEATING	COOLING	ACCESSORIES	SPECIAL SOLUTION
			
<ul style="list-style-type: none"> • Heaters with integrated thermostat • PTC heaters • Heaters with fan or blower • Ex heaters for zone 1/21 or 2/22 	<ul style="list-style-type: none"> • Peltier cooling units <ul style="list-style-type: none"> • Cooling without refrigerants (zero GWP) • High protection IP66, very solid • Compressor coolers 	<ul style="list-style-type: none"> • Filterfans and outlet filters • Thermostats and hygrometers • Ex thermostats • Control cabinet lights 	<ul style="list-style-type: none"> • Special construction possible: <ul style="list-style-type: none"> • Heaters • Peltier cooling units • OEM production

Standard does not fit?

We offer you individual solutions and special constructions for control cabinet heaters and Peltier cooling units.

The following adjustments are possible for heating systems:

- Mounting type
- Cable/cable length and plug
- Housing dimensions/heat output, also for small series
- Operating voltage according to mains requirements

The following adaptations are possible for Peltier cooling units:

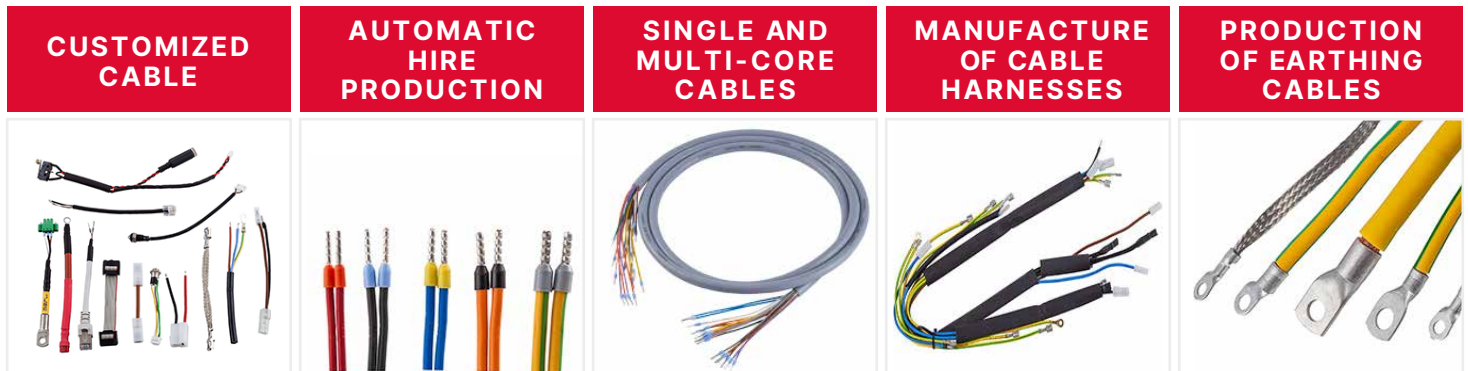

- Environmental conditions, e.g. resistant to salt spray
- Individual design (housing), even for small series
- Adapted cooling capacity and change of air flow direction
- Additional sensors
- Further special equipment on request

PRODUCT OVERVIEW

Heating

The Lm-therm control cabinet heater for the control cabinet in many voltages (12 V / 24 V DC - 230 V / 400 V AC)! Perfect protection against condensation and 100 % Made in Germany!

Ex heating

Ex enclosure heaters and Ex controllers: We also manufacture a 400 W Ex enclosure heater in Zone 1/21!

Cooling

Peltier cooling units and control cabinet cooling units (indoor / outdoor) for an optimum climate! The perfect protection against overheating!

Accessories

Do you need light in your control cabinet? We have the right LED control cabinet light for you!

Ventilation

The right filter fan, roof fan and outlet filter! Get the heat out of the control cabinet very easily with control cabinet fans!

Component assembly

We are your partner for component assembly, including logistics. Take advantage of our extended workbench!

Thermal control

Perfectly designed thermostats and hygrometers for your control cabinet! Maximum operational safety for your electronics!

Cable technology

We are your partner for cable technology. Our own cable production for wires and cable harnesses is fast and flexible!
